HEALTH SHIELD – BASIC

Health Insurance Plan Knowledge Document for RAG

Document Type: Health Insurance Plan Reference

Plan Name: Health Shield – Basic

Plan Category: Basic

Internal Plan ID: HS-BASIC-001

Official Plan Number: Not assigned

UIN: Not assigned

Insurance Type: Proposed Fixed-Benefit Health Insurance

Illustrative Policy Term: 1 year

Premium Payment Frequency: Annual

Illustrative Insured Person: One individual, age 23, male

Initial Daily Hospital Cash Benefit: ₹2,000

Document Status: Illustrative demonstration data for RAG development; not an approved insurance product.

SECTION 1: PLAN IDENTIFICATION AND OVERVIEW

Plan Name: Health Shield – Basic.

Plan Category: Basic.

Internal Plan ID: HS-BASIC-001.

Official Plan Number: Not assigned.

UIN: Not assigned.

Insurance Type: Proposed fixed-benefit health insurance.

Illustrative Policy Term: 1 year, renewable subject to approved terms.

Premium Payment Frequency: Annual.

Illustrative Insured Person: One individual, age 23, male.

Initial Daily Hospital Cash Benefit: ₹2,000.

Coverage Structure: Individual fixed benefits with separate limits for each insured member. This proposed plan is not designed as a shared reimbursement pool.

Purpose of the Plan: The proposed Basic tier provides entry-level fixed benefits for eligible hospitalization, ICU stays, specified surgeries, listed day-care procedures, certain illnesses, extended hospital stays, and health check-ups.

Basic Tier Positioning: The proposed Basic tier has lower benefit amounts and limits than the proposed Gold and Premium tiers.

Important Limitation: All benefits are illustrative. Actual coverage, eligibility, exclusions, and claim conditions must be established in approved policy documentation.

SECTION 2: PREMIUM AND PAYMENT DETAILS

2.1 Proposed Illustrative Premium

Annual premium: ₹4,500.

Half-yearly payment option: Not defined in this draft.

Illustrative policy term: 1 year.

Illustrative annual premium for the example insured person: ₹4,500.

Taxes: GST and other applicable taxes are excluded.

2.2 Premium Interpretation

The proposed annual premium of ₹4,500 is a demonstration value for a 23-year-old male. It is not a verified quotation or guaranteed premium.

The actual premium would depend on the final product design, applicable underwriting rules, coverage selected, and insurer-approved pricing.

The one-year policy term does not represent a guaranteed long-term premium commitment.

SECTION 3: HOSPITAL CASH BENEFIT

Proposed Initial Daily Benefit: ₹2,000 per day.

The proposed hospital cash benefit provides a fixed daily amount for an eligible hospital stay exceeding 24 hours, subject to the final approved policy terms.

Proposed Limits:

- Up to 10 days during the policy year.
- Maximum of 10 days overall during the one-year policy term.

The hospital cash benefit is a fixed payment, not reimbursement of actual hospital expenses.

SECTION 4: INTENSIVE CARE UNIT (ICU) BENEFIT

Proposed ICU Benefit: ₹4,000 per day.

The proposed Basic tier includes an illustrative ICU benefit of ₹4,000 per eligible day.

The benefit is subject to the final policy definitions, qualifying conditions, and applicable limits.

A separate ICU day limit and rules governing combination with hospital cash have not been finalized in this draft.

SECTION 5: MAJOR SURGERY BENEFIT

Proposed Major Surgery Benefit Basis: ₹2,00,000.

The proposed Basic tier provides fixed benefits for eligible listed major surgeries. The payable percentage depends on the surgery category defined in the final approved policy.

Proposed Surgery Benefit Percentage	Illustrative Benefit Amount
100%	₹2,00,000
60%	₹1,20,000
40%	₹80,000
20%	₹40,000

Proposed Overall Limit: Up to 3 times the benefit basis, equivalent to ₹6,00,000 over the applicable coverage period, subject to final policy conditions.

The surgery benefit applies only to eligible listed procedures. Each surgery must be matched to the category specified in the final approved surgery list.

SECTION 6: DAY-CARE PROCEDURE BENEFIT

Proposed Benefit Amount: ₹10,000 per eligible listed procedure.

The proposed Basic tier provides a fixed benefit for eligible listed day-care procedures.

Proposed Limits:

- Up to 1 eligible procedure per policy year.
- Maximum of 1 eligible procedure during the one-year policy term.

The proposed benefit applies only to procedures listed in the final approved policy.

SECTION 7: OTHER SURGERY BENEFIT

Proposed Benefit Amount: ₹3,000 per eligible day.

This proposed benefit is intended for eligible surgeries other than the specified major surgeries when the hospital stay exceeds 24 hours.

Proposed Limits:

- Up to 5 days during the policy year.
- Maximum of 5 days overall during the one-year policy term.

Whether the other surgery benefit combines with hospital cash must be specified in the final approved policy.

SECTION 8: MEDICAL MANAGEMENT BENEFIT

Proposed Benefit Amount: ₹5,000 as a lump sum.

The proposed Basic tier is designed to include a medical management benefit for eligible admissions associated with the following illustrative illnesses:

1. Dengue.
2. Malaria.
3. Pneumonia.
4. Pulmonary tuberculosis (TB).
5. Viral hepatitis A.

Proposed Limits:

- Up to 1 claim per policy year.
- Maximum of 1 claim during the one-year policy term.

SECTION 9: EXTENDED HOSPITAL STAY BENEFIT

Proposed Benefit Amount: ₹15,000 as a lump sum.

The proposed benefit is intended for a single eligible hospital stay exceeding 30 days.

Proposed Limits:

- Maximum of 1 claim during the policy term.
- Maximum overall benefit of ₹15,000 during the one-year policy term.

Whether this benefit combines with other eligible benefits must be specified in the final approved policy.

SECTION 10: HEALTH CHECK-UP BENEFIT

Proposed Maximum Benefit: ₹1,000 based on eligible actual cost.

The proposed Basic tier includes an illustrative health check-up benefit of up to ₹1,000.

The benefit is intended to cover eligible actual expenses, up to the specified limit, subject to the final approved policy terms.

The timing, frequency, eligible tests, and documentation requirements have not been finalized in this draft.

SECTION 11: ADDITIONAL BENEFITS ASSOCIATED WITH MAJOR SURGERY

11.1 Restored Cover

The proposed Basic tier does not include a confirmed restored surgery benefit.

Whether restored cover is available must be confirmed in the final approved policy.

The assistant must not promise an additional surgery payment or restoration of an exhausted limit without supporting policy wording.

11.2 Ambulance Benefit

Proposed Benefit Amount: ₹250.

The proposed ambulance benefit is intended to apply only in connection with an eligible major surgery when an ambulance was required, subject to final approved policy terms.

It is not intended as unlimited ambulance coverage for every hospital visit.

11.3 Quick Cash Benefit

A quick cash advance feature has not been defined for this proposed Basic tier.

SECTION 12: RULES FOR COMBINING BENEFITS

The proposed Basic tier contains separate benefit categories. Their combination rules have not all been finalized.

Rule 12.1 — Major Surgery with Hospital Stay: Whether the major surgery benefit and hospital cash are payable together must be specified in the final policy.

Rule 12.2 — Day-Care Procedure: The day-care benefit applies only to eligible listed procedures. Additional hospital cash must not be assumed.

Rule 12.3 — Other Surgery: Whether the other surgery benefit and hospital cash combine must be confirmed from the final policy.

Rule 12.4 — Listed Illness Admission: The permitted combination of medical management and hospital cash must be confirmed in the final policy.

Rule 12.5 — Extended Hospital Stay: Whether the extended hospital stay benefit combines with other benefits must be confirmed in the final policy.

Important Interpretation Rule: Do not add all benefit amounts together automatically. Each benefit must meet its own qualifying conditions, limits, and combination rules.

SECTION 13: CLAIM-FREE DAILY BENEFIT INCREASE

The proposed initial daily hospital cash benefit is ₹2,000.

A claim-free daily benefit increase has not been included as a confirmed feature of this Basic draft.

The assistant must not invent an increase percentage, qualifying period, or revised daily benefit amount.

SECTION 14: PREMIUM PROTECTION

14.1 Premium Waiver Following Major Surgery

A premium waiver following major surgery has not been defined as a confirmed benefit in this Basic draft.

The assistant must not promise a premium waiver without final approved policy wording.

14.2 Auto Health Cover

Auto Health Cover and premium waiver following the death of the principal insured have not been defined as confirmed benefits in this Basic draft.

The assistant must not state that surviving members' premiums are automatically waived unless the final policy confirms this feature.

SECTION 15: WAITING PERIODS AND EXCLUSIONS

15.1 Initial Waiting Period

The initial waiting period for illness benefits has not been finalized in this draft.

15.2 Specified Medical Conditions

Waiting periods for conditions such as cataract, hernia, and joint replacement have not been finalized.

15.3 Pre-Existing Conditions

The treatment of pre-existing conditions has not been finalized in this draft.

15.4 Geographical Coverage

The geographical scope of treatment coverage has not been finalized.

15.5 Grace Period

The premium grace period has not been specified in this draft.

SECTION 16: BENEFITS NOT PROVIDED OR NOT CONFIRMED

The following benefits have not been established as available under this proposed Basic draft:

Maturity Benefit: Not defined.

Death Benefit: Not defined.

Surrender Benefit: Not defined.

Loan Facility: Not defined.

Restored Surgery Cover: Not confirmed.

Quick Cash Advance: Not confirmed.

Premium Waiver: Not confirmed.

Auto Health Cover: Not confirmed.

“Not defined” or “not confirmed” means that this demonstration document does not establish the benefit. It must not be interpreted as a verified statement about an actual insurance product.

SECTION 17: OPTIONAL RIDERS

Optional riders have not been defined in this proposed Basic draft.

The assistant must not invent rider names, prices, coverage amounts, or eligibility requirements.

If optional riders are introduced in the final product, each rider must have a separate description containing its name, premium, benefits, exclusions, eligibility conditions, and effect on the total premium.

The final policy must specify whether rider premiums are payable separately and whether any rider remains payable during a premium waiver.
